National Vanity

Exquisite, Popular-Priced BATHROOM VANITIES

Fashioned of FORMICA and LUSTERITE®

THE LINE WITH THE NATIONAL REPUTATION

The *Luxurious*

REGENCY

**National
Vanity**

**Distinctive elegance
in bathroom vanities
designed with the
building trade in mind**

NATIONAL VANITY offers a wondrous selection of bathroom vanities for installations to meet every budget. Decorator-styled, and surfaced with genuine Formica, with matching, sliding mirror-door, Formica medicine cabinets. Three distinct design and price groups: The luxurious **REGENCY**. The popular **MODERN**. The economy **CLASSIC**.

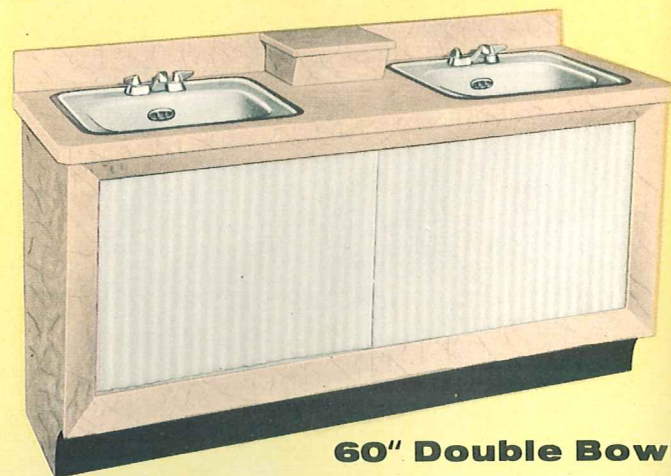

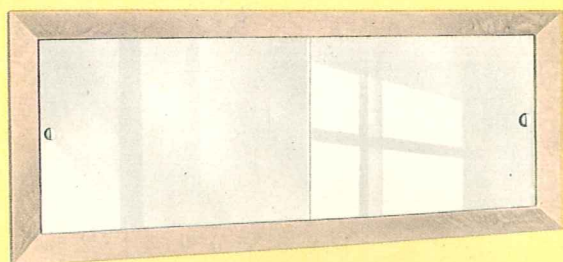

The new **REGENCY** line is the most elegant innovation in bathroom vanities. Every unit is surfaced in Formica. The sliding storage compartment doors are crafted of sparkling **LUSTERITE®*** made exclusively for **NATIONAL VANITY**. They slide easily on a weber-edge hard wood track. Noiseless and frictionless. They are easy to keep clean. Can be removed for quick washing. The **REGENCY** line also features surface cosmetic boxes completely covered in Formica. The entire vanity is cleverly sloped to allow plenty of leg room.

The popular **MODERN** line is Formica from top to bottom. Priced to make any bathroom a setting of efficient, beautiful utility.

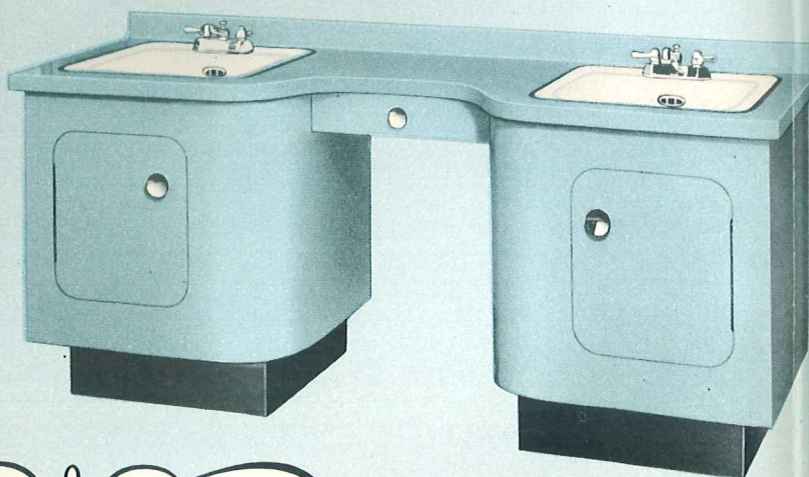

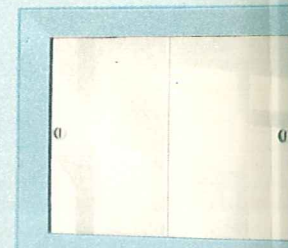

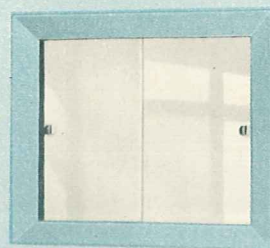

Generous surface area. Large storage compartments. Flowing rounded lines.

The new **CLASSIC** is priced far below any comparable vanity ever made. Now even the lowest priced homes can be equipped with this added beauty and utility feature.

The Formica surface is unharmed by boiling water, alcohol, cosmetics, or mild acids and alkalis. A damp cloth keeps Formica sparkling clean.
